

Let's Move Forward Together

# A360 Programs

1

## FREE Member

Each member invited to join Alliance360 receives a free account, allowing them to participate in the club's growth. Our program is designed to enable personal progress, regardless of your financial capacity. At this level, you can communicate with all club members, review information about our mission, and invite new members to earn a free upgrade to the INTRO program (#2).

2

## Intro (7,95 \$ USD)

The Intro program allows you to participate in various information sessions to better understand our participatory economy model. By taking on the challenge of inviting other members to join the club, this step can lead you to the next program, Share & Win (#3), at no additional cost.

3

## Share & Win (29,95 \$ USD)

The Share & Win program is very important for your journey within Alliance360. By participating in the expansion of our community through very simple actions, you share with the members of this group a portion of the revenues of the Alliance360 club. Each completed challenge earns you 50 PAX, our internal currency for participating in our projects (1 PAX = 1 USD).

4

## Entrepreneur (79,95 \$ USD)

The Entrepreneur program allows you to actively participate in Alliance360 projects by collecting donations to propel our initiatives on a global scale. In return, you are rewarded with the profits from our projects plus the completed challenges, which earn you 100 PAX.

5

## Builder (399,95 \$ USD)

The Builder program is a limited program (only 400 members accepted) that allows you to participate in the launch of Alliance360. The pioneers who participate at this level are rewarded with a generous pool created exclusively for them, based on the profits of Alliance360. They also participate in challenges that earn 200 PAX.
